Film Club

A Series of Unfortunate Events

By **Nakita**

Rating **5/5**

I love this film due to the fact that it is about 3 kids who lived in a huge mansion -which sadly got wrecked in fire - their names were : Klause (who is scientific), Sunny (who speaks monkey Language) and Violet (who is just normal) they are dejected orphans as they're Mum and Dad miserably past away in the house that burnt on fire so they went to a shabby, old house. The owner was the worst owner you could ever have additionally they nearly got hit by a train however Violet and Klause sorted it out and went to another beautiful, reptile ish house however he died then went back to the mean man but then went to the home they wished for.
